

Kansas Reads to Preschoolers

The title for the 2018 Kansas Reads to Preschoolers book is *Ten Pigs: An Epic Bath Adventure*, by Derek Anderson. Please join us November 11th-17th in celebrating the importance of reading in the lives of Kansas children. Once a year during the month of November, the goal is that all Kansas children, birth through age five, experience the joy of an incredible story.

This year's incredible story is a tale about a pig who just wants to enjoy a relaxing bath. His relaxing bath, however, is interrupted when one pig after another joins him in the bathtub! The bathtub quickly fills up and when pig number 10 jumps in, the first pig must come up with a plan to reclaim his bathtub. This story provides a variety of learning opportunities. The simple rhymes, basic counting and humor engage children in the story. The illustrations are bright and vivid and are large enough to share the story with a group. The surprise ending is a perfect conclusion to this hilarious counting journey!
