

In Kansas, over 88% of mothers choose to breastfeed. These families look for child care providers that support their decision.

Take the course

“How to Support Breastfeeding Mothers & Families”

through the Kansas Child Care Training Opportunities (KCCTO).

It's offered **FREE every month**, and will:

- Increase your understanding of breast milk storage & handling
- Build confidence to use the “paced bottle” feeding method
- Provide 2 hours of professional development
- Allow you to display the “*We Care for Breastfed Babies*” window decal at your program.
